

**SALE FROM THE
WILODGE HERD
FOR C WILLIAMS T/A DA WILLIAMS**

The maiden heifers we have on offer at this sale consist of our entire heifer crop born between 1st September 2010 to 31st January 2011; with the exception of four heifers which we considered unsuitable to be forward. Therefore we are offering, quite simply, our best maiden heifers of this age group. We have also included two of our four June 2011 born E. T. heifers. Our consignment includes 6 heifers whose EBV's place them in the top 10%, and 5 with EBV's that are in the top 1% of the breed.

The heifers forward are predominantly from the herds foundation maternal lines and top cow families; all of which, with the exception of Hazelhead Annie and Vanille, feature in the Limousin dam section of our website, which was created in 2009. These maternal lines have proved their worth, under various sires, time and time again over the years in producing consistency, quality and above all revenue for the Wilodge Herd.

Wilodge bloodlines have been used in recent years with resounding results, within numerous herds, in the major show and sale rings across both the UK and Eire. This maiden heifer sale offers a unique opportunity for both established and new breeders to invest in the proven and future genetics, which were originally conceived to enhance the maternal lines within the Wilodge herd.

We would like to take this opportunity to thank all our customers over the years, many of which have become friends over time, and also the unseen but highly important "team" and close friends that are behind the scenes and the success of the Wilodge Limousin Herd.

On a personal note, I would like to pay tribute to the man whose hard work, vision, success and most of all money lay behind the establishment of the Wilodge Herd, and who convinced me that my future lay in pedigree cattle. From him, three mottos remain today. Talk is cheap. Actions speak louder than words and finally, finished - I think not. Thank you, Dad.

Christine and Paul

WILODGE FLAIRE's maternal lines combine two of the "powerhouses" of the herd in **Wilodge Meclaire** and **Hartside Dream**. To this potent cocktail we have added **Tehix**, a bull whose progeny generated a lot of interest at the Bankdale dispersal sale, and have sold to 7,000gns. Carlisle May 2012.
